

LUCA CHIANESE

IT professional with experience in Security Governance and software development, backed by a strong technical background and a deep passion for cybersecurity. Curious and ambitious, I am seeking a stimulating environment where I can grow and make a meaningful contribution. Open to travel and relocation.

WORK EXPERIENCE

• Cybersecurity Senior Consultant

December 2024 - Current
EY - Rome, Italy

Conducting Cybersecurity Assessments and Gap Analyses, including the preparation of related documentation, and coordinating and supervising the project team.

• Full-stack Developer

November 2023 - November 2024
Enginius S.r.l. - Genoa, Italy

Developed web applications using Angular and NestJS, integrated OpenAI APIs, performed prompt engineering, and developed and deployed AWS Lambda functions.

• Full-stack Developer

August 2020 - April 2023
Dreaming Lab Sagl - Lugano, Switzerland

Developed web and hybrid applications using Angular, Ionic, Node.js, and MongoDB, and coordinated a development team of 3 to 5 people.

• Full-stack Developer

March 2018 - July 2020
Hitech Computer Graphic - Trentola Ducenta, Italy

Designed and developed serverless web and hybrid applications using Angular, Ionic, and Firebase.

EDUCATION

• Second level Specializing Master in Cybersecurity

October 2023 - October 2024

University of Genoa

Thesis: Web Application Penetration Testing Based on OWASP Guidelines

Final Grade: 110/110 cum laude

• Qualification to the profession of ICT Engineer

February 2024

University of Campania Luigi Vanvitelli

• Master's Degree in Computer Engineering

October 2020 - October 2023

University of Campania Luigi Vanvitelli

Thesis: Design and development of a platform for vulnerability assessment of 5G Infrastructures

Final Grade: 110/110 cum laude

• Bachelor's Degree in Computer Engineering

October 2013 - July 2020

University of Campania Luigi Vanvitelli

Thesis: Techniques and technologies for the development of intelligent agents with application to cultural heritage

Final Grade: 89/110
